

IT ADVISORY INTERN

Function: Consulting
Location: Ho Chi Minh (Sunwah building, 115 Nguyen Hue, District 1)

ABOUT KPMG

KPMG is a global network of independent member firms offering audit, tax, legal and advisory services. The firms work closely with clients, helping them to mitigate risks and grasp opportunities.

Established in 1994, KPMG in Vietnam over the past 25 years has developed into one of the largest professional firms in Vietnam, offering services to a wide portfolio of both international and local clients. Partners in the Firm have been active in Vietnam since the country first opened its doors to foreign investors in the 1990s and the Vietnam member firm was subsequently incorporated in 1994.

KPMG currently has offices in Hanoi, Ho Chi Minh City and Da Nang, with a headcount of more than 1,600 professional employees. We work with our colleagues across Asia and around the world to provide a comprehensive range of services.

Our services

KPMG's Technology Consulting teams strive to deliver business benefits from a broad range of technologies, helping our clients develop high-performing IT functions and leverage investments in current systems to deliver significant business value. Our expertise stretches across the entire IT spectrum, which allows us to work with our clients and address any of their business and technical challenges through technology adoption.

We offer end-to-end services including but not limit to: Strategy, Vendor selection, Large technology program and technology project management, System implementation, Cybersecurity and IT Audit and Compliance.

As part of IT Advisory, Information Risk Management (IRM) provides assurance and advisory services to assist clients in identifying risks and establishing appropriate controls and security measures arising from the use of information systems and technology.
