

# JOIN US, the best HOME OF ENGINEERS!

World class Manufacturing is finding Intern/UFresh to be a part of us!

## Job Description

### Maintenance Intern

- Scan equipment to maintain basic condition
- Tracking & follow maintenance schedule to monitor machine health
- Support engineers to setup documents & standards
- Other tasks as assigned by Maintenance Manager. Either small or big ones, you are always contributing to digital factory journey thanks to smooth operation & can-do attitude!

*We work flexibly at Unilever. We expect full-time commitment to the job and very little disruption from your studying. Some of our interns can handle both working and studying at the same time (with no more than 8 hours off work/week), just make sure that you can manage your work quality for the best of both worlds!*

## Requirement

- Senior year students, majors in Automation/ Electrical / Mechanical or other relevant technical majors.
- Can read & write English technical report
- Passionate, hardworking & willing to learn (everything can be taught)
- High responsible & detail-oriented.
- Available to intern **full-time** at Cu Chi factory, Ho Chi Minh City at least 3 months from June/ July 2021.

## Benefits

Apart from the basic: **allowance**, laptop, shuttle bus, fancy office..., Unilever gives you

## How to apply

Apply at [bit.ly/InternU2021](https://bit.ly/InternU2021) (CV is required)
