Careers that Change Live

At Medtronic, we believe in the power of medical technology to improve lives. Seven decades ago, our co-founder invented the battery-powered pacemaker. Today, we are among the largest medical device companies in the world. With operations in 150 countries, our products treat 70 health conditions and include cardiac devices, cranial and spine robotics, insulin pumps, surgical tools, patient monitoring systems, and more.

The way the world accesses and interacts with healthcare is changing, so we must change too. Disrupt the status quo. Collaborate. And take on healthcare's greatest challenges — Our therapies help 72 million people a year and support our Mission to alleviate pain, restore health, and extend life.

This is the time to join Medtronic. Our people make it possible. We value diverse perspectives and encourage our 90,000+ employees to be themselves. We hold each other accountable, act with integrity, and make quality our highest priority.

Come help us drive the transformation of healthcare. Join a leader, be a leader.
